In a historical period like the present one, learning to better manage natural resources is not only desirable but also a duty. Guided by this philosophy, the Sicilian company Zerica presents Omnia the exclusive and elegant compact water dispenser capable of offering cold and sparkling water in a simple and effective way.

Entirely Made in Italy and built entirely within the company, Omnia was born to simplify life in the office but quickly transformed into one **perfect tool for any context** adapting to the modern furnishings of an apartment or a contract environment and contributing to performance **more sustainable and simple** activity in the kitchen and beyond.

Zero maintenance thanks to the Silver Turbo Clean refrigeration system, which keeps the system perfectly clean at each delivery. **Super quiet** and more eco-friendly than ever; touch-proof, with the **contactless dispensing**. These are just some of the strengths of this cutting-edge dispenser that goes beyond what the market usually offers.

Technology and health

Zerica's unique high-pressure system generates with each dispensing **a whirlwind of water on the walls**, preventing the formation of biofilms or residues. The water is always fresh and safe and easy to manage with the stainless steel refrigeration chamber with bacteriostatic silver welds.

Sustainability and numbers

In Italy between 16 and 20 million are consumed every day **plastic cups** per day. A quantity with an enormous environmental impact, which must be reduced with the support of all. With Omnia you can manage more awaiting consumption **avoiding waste**. Omnia with purification kit allows you to dispense up to 8000 bottles of pure water every year, making the plastic that causes so much damage to the planet obsolete.

Technical data

Alone **25 cm** wide for the most complete over-the-counter water dispensing system ever.

Small footprint in the kitchen or office, maximum practicality.

No more plastic e **reduced consumption** thanks to the new R600a gas, to help nature with a concrete and immediate gesture.

Large dispensing area which allows you to fill up to three jugs of cold and sparkling water, equal to a considerable number of glasses of water.

Ultra-quiet with chassis strictly in galvanized steel with black scratch-resistant coating for maximum elegance.
